

009-2011 Training and Exercise Plan

Target Capabilities

- Core Incident Management Functions: resource management, communications, planning, etc
- Medical Surge
- Public Safety and Security
- Mass Care
- Recovery/Mitigation
- Critical Infrastructure Protection

Design Elements

- Consequence-based
- Stair-stepped with appreciation that best value often lies with functional exercises
- Homeland Security Exercise and Evaluation Program (HSEEP) compliant as required
- Complete comprehensive exercises with a recovery tabletop

Likely Themes

- Earthquake (use sparingly to reduce fatigue)
- Pandemic
- Severe weather
- Active shooter
- Civil unrest
- Hazardous materials including pipelines

Community Needs

- CoB Incident Management Team: regular functional and full scale exercises
- Fire service: large-scale fire incidents
- American Red Cross: sheltering
- Police: civil unrest, infrastructure protection

Community Training & Exercise Plan

Revised 1 December 2008

Bellingham LEPC

- St. Joseph: mass casualty / influx
- Schools: security, mass casualty
- Jail: annual drill, often medical related
- All: annual I 300/400 ICS classes
- Haz Mat Team: drills and exercises
- Health: mass vaccination
- Airport: aviation and mass casualty
- Medic One: mass casualty

Logistics

- Consensus was to engage as an interagency planning team to plan community-wide training.
- Hold monthly work sessions to complete tasks.
- CoB OEM can make available Homeland Security grant funding to support program.
