Lend a hand keeping Bellingham Parks green.

We provide the gloves, tools and direction

Make a Difference Day

October 24th ~ 9am-noon

*Please sign up with the **Whatcom Volunteer Center** at 734-3055.*

This will help us plan for enough tools, gloves and plants!

Memorial Park

Plant native shrubs at a restoration site on the south end of the park with Park Steward, John Doop.

Franklin Park

Help Park Steward Helen Jackson with the new gravel trail project. *Off Ellis at corner of Whatcom & Grant. Street parking available.*

Squalicum Creek Park

Lend a hand keeping the new urban forest hillside free of invasive species and help out the young trees by mulching around them

Connelly Creek at Happy Valley Park

October 17th 9am-noon

Join the Nooksack Salmon Enhancement Association as they work to improve wildlife habitat by removing invasive plants, replacing them with native vegetation and mulching. *Park on the west end of the Food Pavilion parking lot, walk west along Fairhaven Pkwy and follow signs to site.*

Red Tail Reach on Whatcom Creek

October 31st 9am-noon

Lend a hand improving wildlife habitat along this new trail by removing invasive plants, replacing them with native vegetation and mulching around the new plantings. *Enter new trail where Meador Street cross Lincoln Street, just west of the freeway underpass. **Watch for parking signs.***

Woodstock Farm

November 7th 10am-noon

Come enjoy this unique historical site while helping to keep it beautiful and wildlife friendly by planting native vegetation where invasive plants have been removed. *There is no parking on site; park at the North Chuckanut trail head and take the van/shuttle to Woodstock Farm*

Squalicum Creek Park

November 14th 10am-noon

Help Tyler with the second half of his Eagle Scout project by planting native trees on the urban forest hillside. *Park in the parking lot off Squalicum Parkway across from West Street or take the bus to Birchwood Park and walk the Bay to Baker trail to the site. WTA #10.*

Red Tail Reach Racine Trail

November 21st 9am-noon

Be a part of an ongoing wetland restoration effort along the Racine Trail by planting native vegetation to improve wildlife habitat. *Park at the corner of Frasier and Puget St, follow the signs East to the Racine Trail.*
