City of Bellingham Planning and Development Commission
Planning and Community Development Department

Dear Commissioners:

I urge you to support the Silver Beach Neighborhood Plan as written by the neighborhood and carefully evaluate any changes, other than grammatical or statistical, proposed by the City's staff.

The Silver Beach Neighborhood Association (SBNA) began its work on the plan in January of 2007. As I am sure you are aware it has been a long and, at times arduous, process to arrive at this 2010 version. In late 2007 the first proposed plan, developed by a dedicated, but small group of members, was approved only in part by the whole membership. This abbreviated version was submitted by the Association, while the longer original version was submitted by a group of neighbors, some who had been involved in writing the original plan. The City worked with both groups and eventually returned a red-lined version to the SBNA in November of 2009. Throughout the next 5 months a group of members who represented a diversity of opinions regarding the plan met to review the comparative document and develop yet another version of the plan. That is the plan that was submitted to the City, after approval by the SBNA membership, in July of this year.

I think the committee makeup, as well as the commitment the committee members made to work through the differences that previously divided them, speaks to the strength of this document. The committee members included the previous president who spearheaded the effort to get the first plan developed as well as the person who led the opposition to that plan. The other 8 members of the committee represented equally diverse opinions. That group went through the plan line-by-line and produced the 2010 plan. That draft was then discussed and voted on at several general membership meetings before being submitted to the City. A lot of time, effort and dispute resolution went into this final version of the plan, something I believe is important when considering its approval.

Thank you for taking the time to review the plan, I know it isn't short, and I urge you to support its approval.

Sincerely,
Kate Grinde
