Winter Emergency Shelter

Services Between October 1, 2015 - March 31, 2016

Release Date: August 13, 2015
SERVICES SOUGHT
Applications are being sought from an organization or agency to provide "winter emergency shelter" services in the City of Bellingham.

The goal of this program is to increase the availability of emergency shelter in Bellingham during the coldest months of the year, *with a priority on serving families with children*. Shelter funded through this NOFA must be in the form of new beds that were not available prior to submittal of the proposal. For example, an existing shelter requesting operating assistance would not be eligible in this program, but could be eligible in the City’s Housing Services program. It is anticipated that the provision of new beds will be accomplished through motel vouchers.

Priority is given to serving those households or persons that earn less than 30% of Area Median Income (AMI), and all households must earn less than 50% AMI. The exception for incomes over 30% AMI must be based on needs and priorities set forth in an agreed scope of work.

The organization or agency that delivers this service will screen and qualify households based on income and population targets set forth in this NOFA, ensure housing where assistance is provided meets minimum standards, and provide the financial assistance necessary for shelter. They will also be expected to coordinate with the homeless single-point of entry system and to provide some level of case management services.

Funds Available
The City anticipates allocating approximately $30,000 for these services between October 1, 2015 and March 31, 2016. These funds include administrative expenses, subject to limits set forth below.

The **maximum** grant award from the City to any project in this program is **$30,000**; the **minimum** award that the City will consider is **$10,000**.
