NOTES:
A. Two rail fence shall be used as directed by Park Project Manager to delineate boundaries where needed and shall not be used as a guardrail or for fall protection. Boundaries include property, wetlands and other general areas where a visual barrier is needed.
B. Two rail fence shall be used on flat terrain (3:1 slopes or flatter) or in locations where fall protection is not needed.
C. Lumber grade shall be in accordance with WSDOT standard specifications.
D. All fasteners and hardware shall be suitable for pressure treated wood and outdoor applications.
E. Reference park standard for wood pedestrian guardrails where fall protection is needed.
