Dear Mr. Thomas:

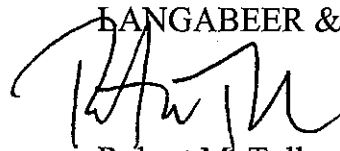

I forwarded your letter of June 30 to the principals at Greenbriar Northwest Associates. At their behest, I hereby request that an additional time extension be granted in connection with resumption of environmental impact statement preparation in the matter referenced.

The parties continue to be very interested in working with the City in its proprietary capacities, but previously unanticipated technical matters connected to the partial change of ownership have slowed the owners from moving forward with City officials.

An extension of six months seems reasonable, and is therefore requested. If you have any questions, please do not hesitate to contact me.

Very truly yours,

LANGABEER & TULL, P.S.
