

CITY OF BELLINGHAM

JOB DESCRIPTION

JOB TITLE: Benefits Coordinator – Safety and Workers’ Compensation **E-PLAN**
DEPARTMENT: Human Resources **SG:6**
CS:N
FLSA:N
EEO4/SOC:PR/13-1141

JOB SUMMARY:

Works collaboratively, but independently under general supervision in carrying out complex work in developing, coordinating and administering safety programs including accident prevention, worker’s compensation, and drug testing. Provides direct service to employees and departmental leaders in the areas of employee safety and accident prevention. Works closely with human resources colleagues and department managers to ensure coordination of workers’ compensation programs administered by the City. Stays informed of new workers’ compensation and safety -related laws, regulations and trends. Works in a highly sensitive public setting with a variety of statutes, regulations and collective bargaining agreements.

SUPERVISORY RELATIONSHIP:

Reports to the Benefits Manager. Work is performed under general supervision and the guidance of applicable Federal and State statutes and regulations, collective bargaining agreements, and City and departmental policies and procedures. Oversees the daily work of department support staff, as assigned. May supervise employees, interns, volunteers, or temporary employees as assigned.

ESSENTIAL FUNCTIONS OF THE JOB:

Safety:

1. Responsible for developing, recommending and implementing a comprehensive safety program for the City that focuses on improving employee safety and health by reducing accidents, injuries, and occupational diseases.
2. Coordinates the Central Safety Committee. Schedules and facilitates Central Safety Committee meetings; ensures meetings are attended by department representatives, documented and appropriate follow up actions occur.
3. Provides support to departments or facilities in coordinating monthly safety committee meetings in accordance with Labor & Industry standards. Ensures that L & I requirements for committee meetings/ safety meetings are met and documented appropriately. Responsible for researching, communicating, and supporting compliance with applicable WISHA/OSHA laws, regulations, and best practices.
4. Serves as the primary contact for Labor and Industries. Notifies L&I of hospitalizations or deaths. Responds to L&I audits. Coordinates with L&I on consultation services as needed.

5. Stays up to date on WISHA, OSHA, and L&I regulations. Advises HR and City management staff and provides recommendations for implementing changes to ensure compliance with federal and state occupational safety and health regulations.
6. Reviews all City accident reports, incident reports, and near misses. Works with supervisors and Departmental Safety personnel to identify changes to prevent reoccurrence. Analyzes data for trends and develops strategies to minimize accidents and injuries. Conducts and analyzes investigations of accidents, safety violations, and near misses with designated staff.
7. Supports departments by evaluating safe work practices, proper equipment usage, and conducting studies of perceived or suspected safety hazards. Prepares and provides recommendations and reports to Department Heads or designee on the safety analysis findings.
8. As requested by departments, conducts Job Hazard Analysis following the Department of Labor and Industries (L&I) standards. Identifies potential causes of occupational injury, death, or disease, implements controls to eliminate or minimize the hazard, and determines what Personal Protective Equipment (PPE) may be required for each identified hazard.
9. Ensures all City Departments understand and implement general safety regulations and rules (e.g. emergency evacuation protocols, active shooter response, etc). Updates procedures and provides training as necessary.
10. Provides training and instruction with an emphasis on safety principles and practices.

Workers' Compensation:

1. Implements the City's industrial insurance program in accordance with relevant statutes related to industrial insurance. Serves as main point of contact with the City's third-party claim administrator and coordinates administration of claims.
2. Responsible for the day-to-day operation of the workers' compensation program including: claim filing; records retention; reviewing and authorizing payment vouchers; implementing and assisting in preparing the Workers' Compensation budget. Works closely with payroll staff and Leave Specialist in ensuring appropriate coordination of workers compensation benefits and leave use.
3. Coordinates the implementation of early return-to-work opportunities including job accommodation and alternative job placement, working with Human Resources Account Managers and department managers as needed.
4. Ensures OSHA compliance including Form 300 and works with third party vendor to ensure accurate and timely posting of annual OSHA 300A. Extracts statistical data from the HRIS as needed for annual reporting.
5. Presents cases at Labor and Industries claim conferences, formal hearings, board appeals and mediations, with the assistance of counsel when necessary.

General:

1. Administers the City-wide drug testing protocols and processes and ensures compliance with DOT regulations.

2. Receives and distributes monthly selections for DOT Random Drug Testing and maintains as appropriate for records retention. Ensures results are received in a timely manner and distributes results as needed.
3. Assists with Wellness programming.
4. Cross Trains and acts as back up to Leave Specialist in their absence.
5. Develops policies, procedures and guidelines; recommends changes to HR leadership. Participates in the implementation or communication of approved policies and procedures.

ADDITIONAL WORK PERFORMED:

1. Performs other related work of a similar nature and level.
