JOB DESCRIPTION

JOB TITLE: Park Improvements Supervisor

UNION:231

DEPARTMENT: Parks and Recreation – Park Operations

SG:4

CS:N

FLSA:N

EEO4CODE:PR

JOB SUMMARY:

Functions as part of the Park Operations team. Supervises staff in completing capital improvement and maintenance projects for park facilities. Plans, organizes and assigns work of the park improvements crew, evaluates quality and quantity of work, and conducts annual performance appraisals. Develops and provides training for operational programs and ensures staff meet standards and service levels. Develops, recommends and implements short and long-range facility use and maintenance strategies.

Responsible for accomplishing division goals related to facility and structure maintenance, repairs to critical park infrastructure, and project management . Plans, organizes, and coordinates park facilities construction design and engineering, including bidding and project implementation. Monitors capital budgets to ensure project expenditures remain within the scope of work. Provides technical support and manages all aspects of capital construction projects. Oversees consultants and contractors performing capital construction project work. Prepares construction specifications, bid documents, contracts and change orders. Conducts field inspections to collect data, verify existing/actual conditions, and monitor conformance with plans/specifications.

SUPERVISORY RELATIONSHIP:

Reports to the Park Operations Manager. Works under general supervision and the guidance of City and Departmental policies and procedures and governmental regulations. Implements Park Operations goals as set forth by the Park Operations Manager. Supervises Park Specialist and Park Technician assigned to the improvements crew, and extra labor employees in the Park Operations Division. Works as part of a team and coordinates work with other division supervisors (including Grounds, Facilities, and Park Stewardship). Responsible for technical guidance of project teams involved in construction and renovation.

ESSENTIAL FUNCTIONS OF THE JOB:

1. Plans, organizes, directs and monitors the work of the park improvements crew completing capital improvement and maintenance projects for park facilities in alignment with departmental standards and goals. Utilizes maintenance management software to conduct work planning, schedule work activity, manage assets, and maintain and maximize efficiency of staff.
2. Effectively recommends hire, trains, supervises and evaluates performance of assigned staff. Conducts pre-disciplinary investigations; recommends and delivers corrective action, as appropriate. Reviews and approves employee timesheets and oversees scheduling. Establishes systems and methods for training, motivating, and supervising the work team, and a system of communication and cooperation among staff. Trains and

orients employees on general construction techniques and methods, work assignments, equipment operation, policies, best practices, and procedures. Responsible for safety training and monitors compliance of employees with safety rules. Maintains Material Safety Data Sheets for work group.

3. Coordinates and prepares services and construction specifications and bid documents. Coordinates pre-bid and pre-construction conferences. Drafts Request for Proposals (RFP) and develops scope of work. Negotiates contracts, selects consultants and administers contracts for consulting architects, engineers, contractors, and project management resources. Compels compliance with published construction plans and specifications.
4. Oversees and coordinates the design and permit process and work of contractors, engineers, architects, design professionals, and other personnel to assure the efficient and economical use of program funds, personnel, materials, facilities, and time. Reviews work for compliance with contract documents and appropriate guidelines, laws, and regulations.
5. Monitors individual project budget summaries assuring expenditures are within approved budget, tracking changes to the contract documents that may result in change orders. Implements, monitors, and prepares project budgets. Tracks all project expenditures for labor and materials to ensure compliance with state requirements. Makes recommendations to the Park Operations Manager or Park Facility Manager on change orders as necessary. Assists with project financial reports, accounting, and grant reimbursement. Monitors and ensures all requirements of grants and contracts are met. Prepares and complete reports on time with supporting conclusions and recommendations.
6. Develops and maintains data systems and records to track the process and progress of each project for proper evaluation, control and documentation to ensure compliance with City, State, and Federal requirements.
7. Serves as a resource to the staff within Park Operations Division, Parks and Recreation Department, and other City departments by consulting on facility issues. Acts as liaison between end users, Parks and Recreation staff and contractors on City projects. Assures effective communication among consultants, contractors, department heads and other stakeholders. Conducts needs assessment and meets with City personnel to assure needs are being met by proposed designs and specifications. Communicates project status to staff and other affected groups, keeping staff informed as to the progress of projects and of any developing problems, recommending alternative courses of action to mitigate such problems.
8. Creates informational materials and contributes to community engagement to enhance awareness of, and appreciation for, capital projects and to educate community stakeholders regarding each project's function and objectives.
9. Plans, conducts and presents at project-related meetings. Coordinates design, specification and construction meetings.

ADDITIONAL WORK PERFORMED:

1. Conducts periodic inspections of facilities. Communicates with other City staff as appropriate to initiate required corrective action.

2. Participates in the annual planning process for the development of goals and objectives.
3. Assists Park Operations Manager in improving processes and programs through participation on special projects, program assignments and initiatives.
4. Conducts, attends and participates in a variety of team or departmental meetings.
5. Serves as back up for other Park Operations staff, as assigned.
6. Performs other related work of a similar nature or level.
